

# PDI Checklist

Completion of this Pre-Delivery Inspection is mandatory for the dealer to ensure the product is ready to be used when given to the end customer. Some models may be subject to optional Pre-Delivery Inspection. See SELDIS Contract, Appendix A for further details.

Tick  
below

<b>PACKAGING/DELIVERY INSPECTION</b>
1. Visually inspect the product and its packaging for transportation damage and missing components.
<b>TECHNICAL INSPECTION</b>
2. Check and fit the steering wheel and seat.
3. Check and adjust the tyre pressure.
4. Check and adjust the parallelism of the cutting deck.
5. Wake up the battery by pressing the "START" button for at least 2 seconds.
6. Verify the charger functions.
7. Make sure the battery is fully charged and charge if needed.
8. Connect the product to Husqvarna Service Hub for the latest available firmware and download if necessary.
<b>SAFETY INSPECTION</b>
9. Verify that the cutting deck is in place and locked.
10. Verify that the machine does not move in neutral and check forward and reverse drive on different speeds. Check the brake function.
11. Check the blade engagement and safety switches on seat, decklift, drive pedal and brake pedal.
<b>SERVICE &amp; DELIVERY</b>
12. Inform the customer of the correct starting/stopping procedure, other safety features and necessary personal protective equipment.
13. Inform the end customer about recommended maintenance and remind the customer to book a time for recommended first service. (See maintenance plan in operator's manual).
14. Register the product in the Husqvarna Product Registration System.
<b>Important to inform customer:</b>
15. Hand over the operator's manual to the end customer and instruct the customer to read it before use.
16. Inform about Bio Clip system and other accessories.
<i>NOTE! In the event of shipping products containing batteries, the dealer is responsible to assure shipment of the product in accordance with applicable rules and regulations.</i>
